ABOUT ME

I am a passionate and driven cybersecurity enthusiast, currently pursuing a BCA at DAV University. With hands-on experience in vulnerability assessment and penetration testing (VAPT), I specialize in identifying security flaws and safeguarding systems against real-world threats. Through internships, CTFs, and platforms like TryHackMe and PortSwigger Academy, I've developed strong skills in ethical hacking, network security, and web application security.

Xpereos Technology

VAPT

During my 3-month internship at Xpereos Technologies, I gained practical experience in web application security and vulnerability assessment (VAPT). I performed security testing on live applications, identified OWASP Top 10 vulnerabilities, and documented detailed reports for mitigation. I also worked with tools like Burp Suite, Nmap, and OWASP ZAP to conduct manual and automated scans.
